Match the two main squares and the two background squares right sides together. Draw a line down the middle on each and sew 1/4" on each side of the line.

Cut on the line that you drew.

Press the HST with the seam allowance going toward the darker fabric. The HST should measure 2.5" unfinished. If not, trim to that size.

Sew the block into rows.

Press the seams so that they will nest when you assemble the rows.

Sew the rows together into a block.

One block is finished! Repeat to make 48 total blocks.

A NOTE ABOUT COLOR PLACEMENT: Each block will use HST made from background fabric and main fabric. You can alternate the way you place the HST to give the round some more interest, which is the way I'll be making my round. If you'd like to do it like this as well, you will need 24 of each type shown below. If you are going to use cornerstones, you will need 24 of one type and 20 of the other type.

ASSEMBLY

If you are NOT doing cornerstones, sew 2 sets of 11 blocks each and 2 sets of 13 blocks each. Sew the 11 block sets to the left and right of the medallion. Then sew the 13 block sets to the top and bottom of the medallion.

If you are going to use the cornerstones that will be given later this week, sew 4 sets of 11 blocks each. Sew a 11 block set to the left and right of the medallion. Wait of the cornerstone directions before adding the top and the bottom set.
